

AWARENESS OF THE CAUSES AND PREVENTION OF DIARRHOEA

Output indicator

Indicator Phrasing

English: % of respondents who know at least three of the main causes of diarrhoea and three ways to prevent diarrhoea

French: % de répondants capables d'indiquer trois des causes principales de la diarrhée et trois manières d'éviter la diarrhée

Portuguese: % de inquiridos que sabem pelo menos três das principais causas da diarreia e três formas para a prevenção da diarreia

Czech: % respondentů se znalostí alespoň třech hlavních příčin průjmových onemocnění a třech způsobů jejich prevence

What is its purpose?

The indicator assesses the extent to which the target population is aware of at least three causes of diarrhoea and three ways to prevent diarrhoea. It is commonly used for measuring the immediate results of hygiene promotion activities.

How to Collect and Analyse the Required Data

Collect the following data by conducting individual interviews with a [representative sample](#) of your target group members:

RECOMMENDED SURVEY QUESTION (Q) AND POSSIBLE ANSWERS (A)

Q1: *Can you please tell me how a person can get diarrhoea?*

A1:

- 1) drinking poor quality water
- 2) eating spoiled food
- 3) having dirty hands
- 4) from flies sitting on the eaten food
- 5) from poor personal hygiene
- 6) does not know

7) other - specify:

Q2: *Can you please tell me how a person can prevent getting diarrhoea?*

A2:

- 1) washing hands with soap at critical moments
- 2) drinking only safe / treated water
- 3) reheating older food before eating it
- 4) preventing flies from sitting on food
- 5) washing fruits and veggies before eating / cooking it
- 6) defecate in an improved latrine
- 7) does not know
- 8) other - specify:

NOTE: Ensure that the data collectors do not read the pre-defined answers.

Calculate the indicator's value by dividing the number of respondents who knew at least three causes of diarrhoea and three ways to prevent diarrhoea by the total number of respondents and multiplying the result by 100.

Disaggregate by
