

VULNERABILITY AND CAPACITY ASSESSMENT (VCA)

Output indicator

Indicator Phrasing

English: number of target communities which completed the Vulnerability and Capacity Assessment and designed a follow-up action plan

French: nombre de communautés cibles qui ont accompli l'Evaluation de la Vulnérabilité et de la Capacité et conçu un plan d'action de suivi

Portuguese: número de comunidades-alvo que concluíram a Avaliação de Vulnerabilidade e Capacidade e elaboraram um plano de acção para o seguimento

Czech: počet cílových komunit, které oficiálně zhodnotily svoji zranitelnost a kapacity a navrhly následný akční plán

What is its purpose?

The indicator measures the number of the target communities whose members completed the Vulnerability and Capacity Assessment (VCA), agreed on the follow-up actions and documented them.

How to Collect and Analyse the Required Data

1) Count the number of communities with a fully completed VCA and a clear plan specifying what actions will be taken (by whom, when) as a result of the VCA's findings.
