SELF-HELP GROUPS - COVERAGE

Outcome indicator, Output indicator

Indicator Phrasing

English: number of individuals benefiting from the supported self-help groups

French: nombre d'individus bénéficiant des groupes d'entraide appuyés

Spanish: número de personas que se benefician de los grupos de autoayuda apoyados

Portuguese: número de indivíduos que beneficiam dos grupos de autoajuda apoiados

Czech: počet lidí majících užitek ze služeb podpořených svépomocných skupin

What is its purpose?

The indicator measures the number of people who benefit (or are likely to benefit) from the services provided by the supported self-help groups.

How to Collect and Analyse the Required Data

1) Review relevant documentation (e.g. membership list) of functioning self-help groups in order to count the number of people who receive certain benefits from their services or will receive them when required (e.g. before a family member's funeral).

Disaggregate by

Disaggregate the data by gender.

Important Comments

1) To determine which self-help group is "**functioning**", use guidance provided in "Self-Help Groups - Functionality" indicator.
